1.9 Pre-Race Technical Inspection Process

- 9.1. It is the competitor's responsibility to ensure that the kart meets the technical requirements for the class throughout the entire race event. Drivers found on the track without having completed a Pre-Technical Inspection Form are subject to penalty.
- 9.2. Any kart is subject to Technical Inspection at any time during an event.
- 9.3. When drivers go to the grid for the first time on race day they will submit a fully completed Pre-technical inspection self-declaration form to the grid marshal.
- 9.4. The grid marshal will issue the appropriate kart sticker for the event only after payment of event fees and completion of all required documents.

1.10 Scoring and Race Format

- 10.1. Junior 4 cycle classes will run a qualifying session (6 Laps), one 10 lap Pre-Final, One 15 lap Final Race.
- 10.2. Senior 4 cycle classes will run a qualifying session (7 Laps), one 15 lap Pre-Final, One 22 Lap Final Race.
- 10.3. Micro/Mini Max and Junior Rotax classes will run a qualifying session (6 laps), one 10 lap Pre-Final, One 15 lap Final Race.

- 10.4. Senior Rotax and DD2 classes will run a qualifying session (7 laps), one 15 lap Pre-Final, One 22 Lap Final Race.
- 10.5. All competitors on race day are required to use an AMB transponder for practice, qualifying, pre-final and final races.
- 10.6. The grid for the Pre-Final is determined by the qualifying time with the fastest time on Pole and slowest time the last position on the grid. The grid for the Final is determined by the finishing position of the Pre-final.
- 10.7. Grid positions for the Pre-Final will be posted as soon as possible.
- 10.8. Grid positions for the Final race will be posted immediately after the pre-final are completed & following compilation of pre-final scores by the scoring committee.
- 10.9. For the purpose of scoring a race, a DNF that passes a weigh-in shall finish ahead of another DNF passing a weigh-in with less completed laps. DNF's shall finish ahead of a competitor who is "Excluded".
- 10.10. A competitor who fails to weigh in or does not meet minimum weight will be awarded last place points. Should more than one competitor fail to meet minimum weight the finishing order will be based on the least differential to greater differential, compared to minimum weight.
- 10.11. For a points race, a driver must take the green flag to receive points.
The Kart only needs to receive the Start Signal and pass the start line.
- 10.12. Club series points shall be awarded based on finishing position in Pre-Final (50% points rounded down) and the Final Race (full points).
- 10.13. A competitor who is "Excluded" from the event will receive zero points and this result must be used in calculating the year end championship points. It cannot be used as a drop.

1.11 Scales

- 11.1. MKA will ensure suitable scales are used. The scales will be available throughout the event.
- 11.2. All racers must come to a stop and shut off their engines before the ramps to the scale. Following this, they may push or be pushed on to the scales. Anyone who drives onto the ramps may be subject to a financial penalty.
- 11.3. Due to Manpower shortages HONESTY weighing may be in force, where each driver's weight is checked by the driver following and recorded in the ledger.
- 11.4. **Weighing procedures will be done in pounds.**

1.12 Rain Outs or Incomplete events

- 12.1. The start of the event can be delayed for up to 2 hours before the Race Director cancels it.
- 12.2. Due to weather conditions or other factors, as determined by the Race Director, racing may be stopped at any point during the day. In such cases, points will be awarded to all entrants that have personally signed in on race day. Points will be awarded as per current MKA rules.

12.3. Incomplete events will not be counted in total driver points when considering the “Driver of the Year Award” if it effects classes unequally.

1.13 Scoring and Results Posting

13.1. The scoring Committee will post unofficial Final Results of the main race on the MKA trailer following the completion of all racing events of the day. Official results will be released following Technical Inspection.

13.2. Points will be calculated for the MKA Club Championship according to the following schedule unless specific bonuses are prescribed for events as allocated by the MKA Executive Committee:

1.14 Ages of Eligibility for Classes

Proof of Age: All Competitors must submit proof of age when registering for each MKA race event. A copy of a birth certificate left on file with the Registration Committee will satisfy this requirement.

- 14.1. Ages for all classes must meet ASN requirements as outlined in the current ASN Canadian Karting Regulations.

1.15 Membership Fee Schedule and Annual Volunteer Commitment

15.1. Membership Fees

- Active Member \$ 350.00
- Family Member \$ 350.00

Active and Family memberships are considered full memberships in the MKA. A Family Membership may include more than one Club Competition License.

15.2. Limited Membership

A limited membership may be permitted for a driver that wishes only to participate in three race weekends consisting of Saturday, practice day and Sunday, race day. The fee for the limited membership will be \$150.00 plus race day fees.

15.3. Annual Volunteer Commitment

Each full membership will require the provision of three post-dated cheques (May 1st, June 1st and July 1st), each in the amount of \$120.00. These cheques will only be cashed if the member is unable to fulfill their race day volunteer commitment. Where cheques are not cashed, at the end of the race season they will either be destroyed or returned to the member.

Each member is required to commit to three full race day volunteer commitments during the ten-race season.

Note: A member who does not provide the required three post-dated volunteer cheques, prior to the first race event, will not be allowed to participate in that race event or subsequent race events, until the volunteer cheques are provided to the MKA Secretary.
